Ocean County Library Adds Current New York Times Editions to Digital Database

TOMS RIVER – Ocean County Library patrons now have online access to current editions of the New York Times, anytime and anywhere with an internet connection.

Content in English, Spanish, or Chinese includes daily editions, the *New York Times Book Review*, podcasts, videos, interactive graphics, photos, film documentaries, and archival material dating back to 1851. The Sunday Crossword is not included.

Computer terminals at all Ocean County Library branches can enable readers to read the digital version, simply by visiting the [New York Times website](#), or by using Digital Materials or Databases portals at the [Library website](#).

Cardholders accessing the Times remotely through the Digital Materials or Databases portals receive 24-hour redemption codes, redeemable through the Times site, after entering their barcode numbers.

The new portal for current Times editions joins the Library's indexed ProQuest® databases for archived editions.
